### Notes from the Editor

This edition is a Woodworks@Daventry show special. Congratulations to the Tudor Rose Woodturning Club for organizing the event last held in 2019. Many thanks to all who helped in preparing the Hinckley club stand. Bill Bennett who took the lead on the child's rocking chair project, ably assisted by Phil Steele, Bob Smith and others. Bob Heathman for setting up the stand at the show. John Evans (chairman) for his encouragement to get members to contribute items, time and effort. Paddy Byrne for turning a pair of candlesticks as the two-day competition entry. John Evans for turning a darning mushroom as the competition entry on Friday. Rob Sheehan for turning a platter as the competition on Saturday. Also thanks to all the members who provided items for display, helped to set up and dismantle the stand or just turned up to support the club. Apart from one or two comments about competition judges who couldn't recognise good turning (referees always do get a hard time), there were plenty of positive comments about getting all the clubs together again. We received a thankyou letter from Tudor Rose for attending the show and I sent a reply thanking them for the massive amount of time and effort in running the show. They thought it was a success too and are looking to run it again next year.

We have a full calendar of events for the next few months and Paddy Byrne is looking to book a professional turner or two. See the back page.

Regards  
Rob Sheehan
